A SORORITY HOUSE ART LOOKBOOK

Colorful pop art for spaces with personality

MAKE THE HOUSE FEEL LIKE YOUR HOUSE

SEEN is a series of bold, colorful sunglasses-inspired art designed to bring personality to a room. Bright enough to make a statement. Easy enough to work in lounges, bedrooms, study spaces, and recruitment areas.

IT DOESN'T HAVE TO MATCH

Colorful room. Neutral room. Old furniture. New furniture. If you like it together, it goes together.

NEUTRAL + PREPPY

BRIGHT + BOLD

Your house already has a personality. Art can add another one.

MEET ZIGGY

I'm Ziggy Yoediono, a psychiatrist and pop artist based in Fayetteville, North Carolina. My paintings are bold and unapologetically colorful. I work on canvas using POSCA paint markers, often returning to imagery such as sunglasses, exploding heads, and whatever else catches my attention.

I created the SEEN series because I like sunglasses—even though I don't wear them.
